6th Annual Clinicians' Meeting

This year's Clinicians' Meeting will be held February 11-15, 2009 at the beautiful Moon Palace Golf and Spa Resort in Cancun, Mexico, an all-inclusive Five Star resort. Our commitment to you, as a new or returning Clinicians' Meeting attendee, is a five-star event in every area of your experience during your stay. You can expect a comprehensive education ensuring that you bring back immediate value from attending this seminar to implement into your practice, and to educate your staff.

Presented by the Institute for Advanced Laser Dentistry and sponsored by Millennium Dental Technologies, Inc., the 6th Annual Clinicians' Meeting is a highly anticipated, non-exclusive educational and networking event for dentists and staff alike. The seminar features concurrent sessions where a broad audience across dental disciplines – including general practitioners, advanced specialties, dental hygienists and general dental staff – come together to share, learn and collaborate.

This is the perfect opportunity to include your staff by bringing them to an event that will provide them with education in a wide variety of dental areas. This is also a fantastic venue to bring your families to for your annual vacation. This year we will be introducing new programs into the seminar to offer more activities for your families and to provide more networking opportunities for you and your colleagues. We also are excited to bring you the **World Classic Rockers**, sure to have you moving, singing and dancing on your feet the closing night of the event!

We are excited to return to this luxurious resort and look forward to hosting you during your stay.

Millennium Dental Technologies, Inc. Founders Delwin McCarthy, DDS and Robert Gregg, DDS with Kathleen Maiman after presenting Raymond Yukna, DMD, MS at the 2008 Clinicians' Meeting with the first annual Maiman award.
